Save Your Sight?**

QEI has a free iPhone app!

The app has many useful features for people with eye conditions, including -

- A reminder function that you can set to remind you what medications to take and when to take them. You can set this to remind you for all of your tablets, other medications or eye drops!
- Educational videos on Glaucoma and Macular Degeneration
- Reminders for when your doctors appointment is due and when you need a new script
- A Macular Degeneration screening test including a weekly reminder
- Keratitis mode for people with severe eye infections

How to find the app

The app is FREE to download and use

Go to the Apple iPhone app store and search "Eye Dr". You will see the icon above. Click on "Install" and you will be able to download the free application.
